Just having a permit and a gun, is not enough. Black Wing's Practical Carry course provides you with the mechanics of carrying a self-defense handgun and the techniques that enable you to get to it quickly and use it effectively. Going well beyond the State's required curriculum, this class will better prepare you for the day-to-day reality of carrying a concealed handgun.

**\*You must have already been through CCW  
training in order to take this course**
