

## Defensive Handgun

*December 8th, 2011 ~ 5pm-9pm*

Join us for our Defensive Handgun course, a range intensive class for anyone who wants to take their defensive preparedness to the next level!

This four hour course focuses on identifying and presenting the handgun skills critical to armed **home protection**. This course is designed to provide these foundation skills in a straightforward and concise manner. Skills are immediately reinforced by live-fire exercises on the range. For this reason, be sure to dress comfortably and be prepared to spend several hours on the range.

You must already be familiar with firearms safety and fundamentals, to take this course.
